Three problems every counter knows

প্রতিটি কাউন্টারের তিনটি পরিচিত সমস্যা

01

Empty seats

Passengers who never visit your counter can't find your bus.

02

Sales stop at closing time

People look for buses on their phone, at any hour.

03

Copied tickets

Paper tickets and screenshots are easy to copy.

How a passenger books on BusHub

যাত্রী যেভাবে টিকেট কাটেন

No account needed for the passenger. Every ticket shows **your company and bus name**.

Your part: four simple steps

আপনার কাজ মাত্র চারটি ধাপ

01 Send your schedule

Tell us your routes, times and fares. Our team lists them for you.

02 Choose the seats

Give BusHub as many or as few seats as you like. Change them with one message.

03 Scan at the door

Your staff scan the QR code with any smartphone. No machine to buy.

04 Get paid

We pay you by bKash or bank, with a full sales statement.

Your counter stays in charge.

Seats you sell at the counter are blocked online at once. One seat can never be sold twice.

আপনার কাউন্টার যেমন চলছে, তেমনই চলবে।

Tested: 25 people tapped the same seat at the same moment. Only one got it.

Every ticket is checked live

প্রতিটি টিকেট লাইভ যাচাই হয় — নকল বা কপি টিকেট চলবে না।

Your staff scan the QR code. BusHub checks it against the real booking and shows the passenger's true name and seat, not what is printed.

Valid

Paid, for today, first scan: let them board

Already used

A copy or screenshot of a ticket that already boarded

Not found

A made-up or edited ticket code
